FOREWORD

Section 142(2) of *The Elections Act* requires that the Chief Electoral Officer shall publish a book containing poll by poll results of the election. In this volume you will find the poll by poll results for the thirty-fifth provincial general election, plus certain other information as set out in the Table of Contents.

On August 7, 1990, the Thirty-Fourth Legislative Assembly of the Province of Manitoba was dissolved and Writs were issued to Returning Officers ordering that a provincial general election be held on September 11, 1990.

The boundaries of the electoral divisions were as established in 1988 under *The Electoral Divisions Act*. There were changes, some major, some minor to 56 of 57 electoral divisions in the province. There is now one less electoral division in northern Manitoba, one less electoral division in southwestern Manitoba and an increase of two electoral divisions in Winnipeg. Some of the electoral divisions, in addition to boundary changes, also received new names. Maps showing the electoral division boundaries are included in this volume. Written descriptions of the polling subdivision boundaries are included in an Appendix to this report, which is available upon request. The name of each of the 57 Returning Officers, and their respective electoral division, are listed in Table A.

Nominations closed on August 21, 1990, and 199 candidates were nominated in the 57 electoral divisions. The names of candidates who were endorsed by one of the eight political parties registered under *The Elections Finances Act* appeared on the ballots with their party affiliation. The balance of the candidates were shown as independents. Table B lists the names of all registered political parties in Manitoba at the time of the 1990 provincial general election. The number of candidates endorsed by each registered political party, as well as the number of independents, are shown in the following table.

Registered Political Pary	Candidates
Communist Party of Canada (Manitoba Committee)	1
Confederation of Regions Manitoba Party	6
Liberal Party in Manitoba	57
Libertarian Party of Manitoba	5
Manitoba Progressive Party	5
New Democratic Party of Manitoba	57

TOTAL	199

Prior to polling day, registration of voters took place at enumeration, completed August 16, 1990, and at revision, August 24 and 25, 1990. Any eligible voter whose name was not on a voters' list was also able to be registered at an advance poll or on polling day by swearing an oath at the poll and producing two pieces of identification. In total 712,731 voters were registered to vote. The numbers of voters registered by these three means of registration are shown in the following table.

AVANT-PROPOS

En vertu de l'article 142(2) de la *Loi électorale*, le directeur général des élections doit publier les résultats de l'élection par bureau de scrutin. Vous trouverez donc dans le présent rapport les résultats par bureau de scrutin de la trente-cinquième élection générale provinciale ainsi que d'autres renseignements, tel qu'indiqué dans la table des matières.

Le 7 août 1990, la Trente-quatrième Assemblée législative de la province du Manitoba était dissoute et des décrets de convocation des électeurs étaient émis aux directeurs du scrutin, stipulant qu'une élection générale provinciale aurait lieu le 11 septembre 1990.

Les limites des circonscriptions électorales étaient celles établies en 1988 en vertu de la *Loi sur les circonscriptions électorales*. Des modifications majeures ou mineures ont été apportées à 56 des 57 circonscriptions de la province. À l'heure actuelle, chacune des régions du Nord et du Sud-Ouest du Manitoba compte une circonscription en moins et deux circonscriptions ont été ajoutées à Winnipeg. En plus des modifications apportées à leurs limites, certaines circonscriptions ont reçu un nouveau nom. Le présent rapport comprend des cartes indiquant les nouvelles limites des circonscriptions électorales. Les descriptions des limites des sections de vote font partie d'une annexe au présent rapport, que l'on peut se procurer sur demande. Les noms des 57 directeurs du scrutin et de leurs circonscriptions électorales respectives sont indiqués dans le tableau A.

Le 21 août 1990 marquait la clôture des candidatures. Ce jour-là, 199 candidats avaient été présentés dans les 57 circonscriptions électorales. Le nom des candidats appuyés par l'un ou l'autre des huit partis politiques inscrits en vertu de la *Loi sur le financement des campagnes électorales* apparaissait sur le bulletin de vote, suivi de l'appartenance politique des candidats. Les autres candidats étaient inscrits comme indépendants. Le tableau B indique le nom de tous les partis politiques inscrits au Manitoba lors de l'élection générale provinciale de 1990. Le tableau suivant indique le nombre de candidats présentés par chaque parti politique inscrit ainsi que le nombre de candidats indépendants.

Le recensement, terminé le 16 août 1990, et la révision des listes électorales, tenue les 24 et 25 août 1990, ont permis d'inscrire les électeurs avant le jour de l'élection. Toute personne ayant le droit de voter et dont le nom n'apparaissait pas sur une liste électorale pouvait également s'inscrire à un bureau de scrutin par anticipation ou, le jour même de l'élection, en prêtant serment au bureau de scrutin et en présentant deux pièces d'identité. Les listes électorales finales comptaient 712 731 électeurs inscrits. Le nombre d'électeurs inscrits selon ces trois méthodes est indiqué dans le tableau suivant.

Method of Registration	Number of Voters	Percent

Ballots are cast at advance polls and on polling day. Advance polls were held in each electoral division on August 25, 29 and September 1, 3, and 6 at one or more locations. As well, there was advance voting in Returning Offices on August 27, 28, 30, 31, and September 4, 5, 7 and 8.

Polling day was September 11, 1990. 2,816 regular polls were established. In addition, 63 moving polls served small hospitals, nursing homes and remand centres and there were 39 hospital polls and 13 polls in correctional institutions. Voters who were unable to go in person to the polling place or advance poll because of any physical incapacity were eligible to vote by mail ballot.

Province wide voter turnout was 69.05% with 492,151 voters having voted. At the count, 1,461 ballots were rejected as invalid, leaving a total of 490,690 valid ballots counted. In addition, 928 voters appeared at the polls and declined to vote. The number of voters using the various polling methods is shown in the following table.

Returning Office Advance	10,346	2.10%
Regular polls	468,358	95.17%

This is the second election in which patients in mental hospitals had the right to vote. Patients in mental hospitals are enfranchised to vote as a result of a court ruling in 1988. *The Elections Act* has not been amended since that time, therefore, the procedures for voting in mental hospitals are not prescribed in *The Elections Act*. As a result the Chief Electoral Officer has exercised discretionary power as provided under *The Elections Act* in order to permit voting.

Changes to procedures for the 1990 general election, namely designating the mental hospitals as moving polls rather than hospital polls, aided in making the vote go smoothly. Unlike a hospital poll, in which no enumeration takes place and only special blank ballots are used, a moving poll provides for the enumeration of resident voters who vote with regular ballots, as well as special blank bal-

Les électeurs peuvent voter à des bureaux de scrutin par anticipation et à des bureaux normaux le jour du scrutin. Ainsi, des scrutins par anticipation ont été tenus dans toutes les circonscriptions électorales les 25 et 29 août ainsi que les 1er, 3 et 6 septembre, dans un ou plusieurs bureaux de scrutin. De plus, les bureaux d'élection ont organisé un scrutin par anticipation les 27, 28, 30 et 31 août ainsi que les 4, 5, 7 et 8 septembre.

L'élection a eu lieu le 11 septembre 1990 dans 2 816 bureaux de scrutin ordinaires. De plus, 63 bureaux de scrutin itinérants ont desservi de petits hôpitaux, des centres d'hébergement et des centres de détention provisoire, tandis que 39 bureaux de scrutin ont été établis dans des hôpitaux et 13 bureaux dans des établissements correctionnels. Les électeurs qui ne pouvaient se présenter au bureau de vote ou à un bureau de scrutin par anticipation en raison d'un handicap physique pouvaient voter par correspondance.

Le taux de participation aux élections a été de 69,05 % pour l'ensemble de la province et indique que 492 151 électeurs se sont prévalus de leur droit de vote. Lors du décompte, 1 461 bulletins de vote ont été jugés invalides et rejetés. Le nombre de bulletins valides était donc de 490 690. De plus, 928 électeurs se sont présentés aux bureaux de scrutin et ont refusé de voter. Le nombre d'électeurs ayant utilisé les diverses méthodes de vote est indiqué dans le tableau suivant.

À cette élection provinciale, les patients des hôpitaux psychiatriques ont pu, pour la deuxième fois, exercer leur droit de vote. Ce droit leur a été accordé en 1988 en vertu d'un jugement du tribunal. Puisque la *Loi électorale* n'a pas été amendée depuis ce jugement, les formalités de vote dans les hôpitaux psychiatriques ne sont pas stipulées dans la *Loi*. C'est pourquoi le directeur général des élections a utilisé son pouvoir discrétionnaire en vertu de la *Loi électorale* afin de permettre aux patients de voter.

Les modifications apportées aux formalités de vote pour l'élection générale de 1990, soit l'établissement de bureaux de scrutin itinérants pour les hôpitaux psychatriques au lieu de bureaux de scrutin d'hôpital, ont permis que le scrutin se déroule sans incident. Contrairement à un bureau de scrutin d'hôpital, qui ne procède à aucun recensement et n'utilise que des bulletins spéciaux, un

lots for those voters who are not resident. An enumeration was held at the Selkirk Mental Health Centre, Brandon Mental Health Centre and the Eden Mental Health Centre. As far as possible, the enumerator visited the patients to determine eligibility.

On polling day, most voters in mental hospitals used a regular ballot which standardized voting procedures with most other polls throughout the province. Polls in mental hospitals were conducted as regular stationary polls for part of polling day and then poll officials visited those rooms where qualified patients, who were unable to come to the stationary poll, could vote.

Registered voters and turnout in the three mental hospitals are shown in the following table:

Institution	Registered Voters	# Voting	%
Brandon Mental Health Centre	185	44	24%
Eden Mental Health Centre	29	14	48%
Selkirk Mental Health Centre	166	99	60%

Persons with a mental handicap who reside in an institution became enfranchised during the general election as a result of a decision of the Court of Queen's Bench on August 29, 1990. Once again, it was necessary to adapt the existing provisions of *The Elections Act* to these new circumstances. Special enumerations were conducted in three institutions from September 5-7, 1990. A moving poll was held in each of the institutions on polling day. Registered voters and turnout are shown in the following table:

Institutions	Registered Voters	# Voting	%
Manitoba Developmental Centre	579	50	9%
Pelican Lake Training Centre	69	31	45%
St. Amant Centre	127	23*	18%

1990 was the second Manitoba provincial general election in which prisoners serving a sentence were enfranchised. On March 12, 1986, section 31(d) of *The Elections Act* which disqualified prisoners from voting was declared invalid by the Court. Because of the shortness of time before the March 18, 1986 election it was deemed by the Court that it was neither appropriate nor practical for the Court to make an order directing the Chief Electoral Officer, or anyone else, to cause a poll to be taken at any of the prison institutions. By reason of the fact that no related legislation had been introduced by the Legislative Assembly

bureau de scrutin itinérant prévoit le recensement des pensionnaires, qui utilisent un bulletin de vote ordinaire, et la distribution de bulletins spéciaux aux électeurs non pensionnaires. Un recensement a eu lieu au Centre de santé mentale de Selkirk, au Centre de santé mentale de Brandon et au Centre de santé mentale Eden. Dans la mesure du possible, les recenseurs ont rencontré tous les patients afin d'établir leur droit de vote.

Le jour de l'élection, la plupart des électeurs des hôpitaux psychiatriques ont utilisé un bulletin de vote ordinaire. Les formalités de vote correspondaient donc aux formalités habituelles en vigueur dans la plupart des autres bureaux de scrutin de la province. Dans les hôpitaux psychiatriques, le scrutin s'est déroulé à un bureau stationnaire ordinaire pendant une partie de la journée, puis des membres du personnel du scrutin se sont rendus dans les chambres des patients ayant le droit de vote mais incapables de se présenter au bureau de scrutin afin qu'ils puissent voter.

Le tableau suivant indique le nombre d'électeurs inscrits et la participation électorale dans les trois hôpitaux psychiatriques de la province.

Les déficients mentaux qui sont pensionnaires dans un établissement ont reçu le droit de vote à l'élection générale à la suite d'un jugement rendu par la Cour du Banc de la Reine le 29 août 1990. Encore une fois, il a été nécessaire d'adapter les dispositions actuelles de la *Loi électorale* à cette nouvelle situation. Entre le 5 et le 7 septembre 1990, on a procédé à des recensements spéciaux dans trois établissements. Le jour de l'élection, chaque établissement a accueilli un bureau de scrutin itinérant. Le tableau suivant indique le nombre d'électeurs inscrits et la participation électorale dans ces établissements.

En 1990, les détenus du Manitoba ont pu, pour la deuxième fois, se prévaloir de leur droit de vote à une élection générale provinciale. Le 12 mars 1986, la Cour du Banc de la Reine a en effet invalidé le paragraphe 31(d) de la *Loi électorale* qui interdisait aux détenus de voter. En raison du court laps de temps avant l'élection du 18 mars 1986, les tribunaux ont jugé qu'il n'était ni approprié ni pratique de rendre une ordonnance enjoignant le directeur général des élections, ou toute autre personne, d'organiser un scrutin dans l'un ou l'autre des établissements carcéraux. Étant donné qu'aucun texte de loi portant sur la

bly, the Chief Electoral Officer took measures at the time of the 1988 election to ensure that qualified voters, who were also prisoners, had the opportunity to vote.

In November 1988 the Court of Queen's Bench ruled that prisoners should have the right to vote in federal elections. A subsequent appeal, however, overturned this decision. Because of this appeal decision the status of prisoner voting in Manitoba provincial elections was not clear until the Court of Queen's Bench decision of August 24, 1990. The August 24, 1990 decision declared that S.31(d) of *The Elections Act* remains invalid and of no force and effect. Judge Morse in his judgement on the matter said, "I have no doubt that the Chief Electoral Officer will abide by this latest decision of the Court and will, as he did in 1988, make arrangements for prison inmates to vote, unless the Court of Appeal orders otherwise". Consequently, essentially the same procedures used in 1988 to permit voting by qualified prisoners were again employed in 1990.

The Chief Electoral Officer published notice of the returns from the 57 electoral divisions in the *Manitoba Gazette* on October 13, 1990. One judicial recount was held for the electoral division of Seine River.

The Summary of Results indicates for each electoral division, the member elected, the number of registered voters, the number of votes cast, the percentage turn out, the number of votes for each party where the party endorsed a candidate, the number of votes for independent candidates, the number of rejected ballots and the plurality. The totals for all 57 electoral divisions added together, are also included for the above categories, as well as the overall percentage of votes for each party on a province wide basis (see Table C).

question n'avait été déposé à l'Assemblée législative, le directeur général des élections a pris des mesures lors de l'élection de 1988 afin de s'assurer que les détenus ayant qualité d'électeur puissent voter.

En novembre 1988, la Cour du Banc de la Reine statuait que les détenus devraient avoir le droit de vote lors des élections fédérales. Toutefois, un appel subséquent a renversé ce jugement. En raison du jugement d'appel, le statut du droit de vote des détenus aux élections provinciales au Manitoba est demeuré incertain jusqu'au jugement rendu par la Cour du Banc de la Reine le 24 août 1990. Ce jugement statuait que le paragraphe 31(d) de la *Loi électorale* demeurait invalide et ne s'appliquait pas. Le juge Morse, qui présidait le tribunal, a déclaré : «Je n'ai aucun doute que le directeur général des élections se soumettra au jugement de la Cour et, comme en 1988, qu'il prendra des dispositions afin de permettre aux détenus de voter, sauf indication contraire d'un jugement de la Cour d'appel.» Par conséquent, des dispositions semblables à celles de 1988 pour permettre aux détenus de voter ont été prises en 1990.

** In calculating total vote in the Winnipeg constituencies the higher of the two total votes cast figures "A" or "B" was used.

\+ Party totals include two votes per voter in Winnipeg, therefore party totals exceed total votes cast.

++ Winnipeg voters in the three "A" & "B" seats were entitled to two ballots, one for each race. Thus totals and percentages above exaggerate the influence of Winnipeg. Below are the percentages for the rural areas and for Winnipeg separately. An "equalized" figure is also given.

* Registered electorate in contested electoral divisions only.
** In the three Winnipeg constituencies, the highest of the "A" and "B" total votes cast figures was used to calculate the total.
\+ In the calculation of total turnout the number of eligible voters *excluding* those in the constituency in which there was an acclamation, was used.
++ In calculating party totals *both* "A" & "B" figures were included from the three Winnipeg constituencies—thus the sum of party totals is a figure larger than "total vote".
† Voters in the three Winnipeg constituencies each cast two ballots, one for each of the "A" and "B" seats. Thus provincial totals exaggerate the influence of the Winnipeg vote. Below are separate totals for the rural and urban (Winnipeg) areas. An "equalized" provincial figure is also given, in which the influence of the double vote has been eliminated.
